

Our thoughts go out to the people of Japan after the earthquake and tsunami. We send our hopes for a rapid recovery for all who have been affected by this disaster. All of Linear Technology's employees in Japan are accounted for and are doing fine, and none of our offices, located in Tokyo, Osaka and Nagoya have been impacted by the recent events. Since Linear has no manufacturing operations in Japan, there is no impact from a production standpoint. Japan is an important market for us, but it is premature to say exactly what impact these events will have on our business, if any. Linear has committed to match any Japan earthquake relief contributions made by its employees. The people of Japan will continue to be in our thoughts until there is a full recovery.

Lothar Maier, CEO
Linear Technology Corporation

新しい

(promise)

Our hand goes out to the resilient Japanese people, our employees and customers, and all the brave individuals affected by this profound disaster.

You will be in our thoughts until there is a full recovery.
