## **Statement on the natural catastrophe in Japan**

Para Light Electronics is deeply shocked and distressed by the magnitude of the natural disaster in Japan and the resulting suffering of the people there. Our thoughts and prayers are with the people of Japan during this difficult time. We send our deepest condolences to the people of Japan, particularly those who have lost loved ones in the earthquake and tsunamis. Currently, the consequences and effects are still difficult to assess. We are all following the news about the Japanese atomic plants with great anxiety.

Para Light Electronics has no production sites in Japan and currently predicts no direct influence on the availability of components or raw materials as a result of this natural disaster. For this reason we do not expect any implications for delivery times or availability of our products, but can nevertheless not guarantee this in future. Should you have any questions about the status of your order, please get in touch with your sales contact person or with your Para Light Electronics sales representative.

We will be happy to answer any questions and provide advice in as far as possible – you can reach us on our usual telephone numbers.

**For the products related to setron GmbH purchased from Para Light Electronics CO., LTD.**

**\* All setron GmbH products produced with none Japanese made materials and contaminate free**  
**\* The Taiwanese and Chinese made suppliers has been substituted for Japanese made raw material suppliers**

If any issues are known already provide detailed information based on the products and any emergency actions taken / to be taken.

Your urgent feedback is appreciated!
